Bob & Arlise Weaver Cianelli

Our youngest grandson, Brady (12), went to Italy for two weeks in March on an exchange program with St. Mary's sister school in Milan. You may recall, his exchange partner, Alessandro, was at our daughter Angie's house back in October for two weeks. What an opportunity for a 7th grader. I believe I made it all the way to Funkstown by the 7th grade.

Brady, his exchange partner Alessandro, and some of the other Italian students who were in his classes at the school in Milan.

Our daughter Angie (Colin & Brady's Mom) recently received recognition from the Orange County Department of Education for her efforts in getting elementary children to participate in a regular exercise and nutrition program. Angie runs the Orange County Marathon that includes a kids "Marathon" on Saturday and the adult marathon on Sunday. The "Marathon" for elementary kids requires each student to run the first 25 miles in one mile segments on a regular basis before "Marathon" day. On "Marathon" day, the students run their last 1+ mile "Marathon" to complete the full marathon distance of 26+ miles.

Those who complete the "Marathon" are awarded a medal in recognition of their effort. They receive their medal at an assembly for all the students of their school. When the medal is hung on their neck in front of their peers, teachers and family they smile with great pride. The program started with hundreds of participants from a handful of schools and has grown to 4500 students from 70 schools. The program offers scholarships to all at risk youth in need and provides the curriculum and the volunteer/teacher training at no cost to schools.

BEWARE OF UNDERWEAR DUST!

One evening a husband, thinking he was being funny, said to his wife, 'Perhaps we should start washing your clothes in 'Slim Fast'. Maybe it would take a few inches off of your butt!'

His wife was not amused, and decided that she simply couldn't let such a comment go unrewarded.

The next morning the husband took a pair of underwear out of his drawer. 'What the heck is this?' he said to himself as a little 'dust' cloud appeared when he shook them out.

'Cathy', he hollered into the bathroom, 'Why did you put talcum powder in my underwear?'

She replied with a snicker. 'It's not talcum powder; it's Miracle Grow!'

Guys just never learn, do not piss off the woman.

A woman customer called the Canon help desk with a problem with her printer.

Tech support: **Are you running it under windows?**
Customer: 'No, my desk is next to the door, but that is a good point. The man sitting in the cubicle next to me is under a window, and his printer is working fine.'

And last but not least!

Tech support: **'Okay Bob, let's press the control and escape keys at the same time. That brings up a task list in the middle of the screen. Now type the letter 'P' to bring up the Program Manager.'**
