CLASSMATE ACITVITIES

[Roger & Sharon Kisiel](#)

I'm attaching a recent photo of Sharon and me taken near the end of December 2009 in Fiordland National Park, New Zealand (disregard the Finland shirt from a previous cruise). Sharon, the boys and I left Columbus on Dec 20, arrived in Aukland, NZ on Dec 22 (lost a day crossing IDL & gained it back coming home), and joined a Princess cruise ship that day. We visited Wellington, Christchurch (Christmas day), and Dunedin, NZ before cruising through Fiordland. New Zealand is an incredibly beautiful country!

We then cruised to Tasmania (there really are animals called the Tasmanian Devil, Wallaby, and Wombat), Phillip Island (to watch the "little Penguins parade from the sea at night to retreat to their burrows to rest & feed squawking youngsters), Melbourne to observe Koalas, Kangaroos, & Emus in their natural habitat; and finally Sydney for the long trek home on Jan 5. Sydney, with the famous Opera House, Harbor Bridge, and Bondi Beach, is a

beautiful, beautiful city. I would love to live there for a few years. It was the "trip of a lifetime" except for the long flights from and back to LA and the jet lag!

[Arlise & Bob Cianelli](#)

On Saturday, January 23rd, Arlise was treated to a surprise 70th birthday party at Harry Browne's in Annapolis. 45 friends and relatives were there to wish her a happy birthday. It was tough keeping it a surprise but with the help of our kids and some devious friends, we did it! If you really don't have anything better to do with your time, I made a short video of the event on YouTube. (<http://www.youtube.com/watch?v=le7KTSyEkv0>)

Career(s)	I devoted my entire career to teaching children with disabilities and high school students at risk of failing and thus not graduating. I have written several curriculums. While teaching at the School for the Blind in Aberdeen, South Dakota, I co-authored a daily living skills curriculum, emphasizing core academic subjects for students who were blind and visually impaired and who were also developmentally delayed. This curriculum was titled, Special Studies for Special Students. I also wrote a vocational education curriculum for the school, which addressed the special vocational needs of these students. While teaching at Bismarck High School in Bismarck, North Dakota, I wrote two curriculums. One was an independent career development curriculum and the other was a service-learning curriculum. Both were written to address the

	<p>needs of specific students. Those at risk of not graduating from high school could take these courses for credit, which counted toward their graduation requirements. The North Dakota Department of Public Instruction adopted the service-learning curriculum. It is available for use by all high schools in North Dakota.</p> <p>While teaching at Bismarck High School, I was given several awards. Twice I received the North Dakota Vocational Special Needs Teacher of the Year award. And once I received the regional Vocational Special Needs Teacher of the Year award, representing 23 states. In addition I was the recipient of the Director's Award of Excellence by the North Dakota Department of Career and Technical Education.</p>

Countries Visited	Russia, Germany, Ireland, Scotland, Wales, England, Canada
Retirement Activities	<p>At the beginning of my retirement years, I was a contributing author for Sermon Suite's Story Share, an online subscription service for clergy and laity by SCC Publishing Company, Lima, Ohio. My love for children and the Church inspired the creation of The Story Teller, a book that uplifts the kindness of strangers. I have also written a songbook for the Church, Sing Stories of Jesus, which is a children's music book of twenty-five easy to teach and learn biblical stories in song. Since retiring in 2003 my hobby has been writing stories for children. <i>The Astronaut, Grandmother's Arms Aren't Long Enough, Grandmother's Kitchen, Where Baby Jesus, Bobby Bunny Is a Picky Eater, and Birds to the Rescue</i> to name a few.</p>

Thanks to John Sapp, below is a link to a neat site that has brochures of virtually all the old cars. The operative word is 'old', like the 50's for example.

COMEDY CORNER

Answers given by 2nd grade school children to the following questions:

Why did God make mothers?

1. She's the only one who knows where the scotch tape is.
2. Mostly to clean the house.
3. To help us out of there when we were getting born.

How did God make mothers?

1. He used dirt, just like for the rest of us.
2. Magic plus super powers and a lot of stirring.
3. God made my mom just the same like he made me. He just used bigger parts.

What ingredients are mothers made of?

1. God makes mothers out of clouds and angel hair and everything nice in the world and one dab of mean.
2. They had to get their start from men's bones. Then they mostly use string, I think.

Why did God give you your mother and not some other mom?

1. We're related.
2. God knew she likes me a lot more than other people's mom like me.

What kind of a little girl was your mom?

1. My mom has always been my mom and none of that other stuff.
2. I don't know because I wasn't there, but my guess would be pretty bossy.
3. They say she used to be nice.

What did mom need to know about dad before she married him?

1. His last name.
2. She had to know his background. Like is he a crook? Does he get drunk on beer?
3. Does he make at least \$800 a year? Did he say NO to drugs and YES to chores?

Why did your mom marry your dad?

1. My dad makes the best spaghetti in the world. And my mom eats a lot
2. She got too old to do anything else with him.
3. My grandma says that mom didn't have her thinking cap on.

Who's the boss at your house?

1. Mom doesn't want to be boss, but she has to because dad's such a goof ball.
2. Mom. You can tell by room inspection. She sees the stuff under the bed.
3. I guess mom is, but only because she has a lot more to do than dad.

What's the difference between moms and dads?

1. Moms work at work and work at home and dads just go to work at work.
2. Moms know how to talk to teachers without scaring them.
3. Dads are taller and stronger, but moms have all the real power 'cause that's who you got to ask if you want to sleep over at your friends.
4. Moms have magic, they make you feel better without medicine.

What does your mom do in her spare time?

1. Mothers don't do spare time.
2. To hear her tell it, she pays bills all day long.

What would it take to make your mom perfect?

1. On the inside she's already perfect. Outside, I think some kind of plastic surgery.
2. Diet. You know, her hair. I'd diet, maybe blue.

If you could change one thing about your mom, what would it be?

1. She has this weird thing about me keeping my room clean. I'd get rid of that.
2. I'd make my mom smarter. Then she would know it was my sister who did it not me.
3. I would like for her to get rid of those invisible eyes on the back of her head.
