CLASSMATE HAPPENINGS!

Jim Carnes

What an honor and amazing accomplishment. Although my Dad couldn't be there, he was presented this prestigious award on Nov 9th of this year at the Rainbow Room in NYC by the Consumer Technology Association. This award was presented to the six leaders of the companies that made up the Grand Alliance; companies that were responsible for developing the HDTV standard for broadcast television and TV sets.

Editor's Comment: Way to go Jim, you make us proud!

Committee Update

A committee meeting was held on January 4th and plans have been finalized for our 60th Anniversary Celebration on September 15th & 16th. This is a reminder that we will be using email to send invitations to those of you who are on my email distribution list. You will not be receiving an invitation via snail mail. A formal invitation via email should arrive on or about March 1, 2017. Your hardworking committee has planned a great event you will thoroughly enjoy.
