MISS NOVEMBER!

Editor's Comment: Wow!

The Geography of a Woman

Between 18 and 22, a woman is like Africa. Half discovered, half wild, fertile and naturally beautiful!

Between 23 and 30, a woman is like Europe....well developed and open to trade, especially for someone of real value.

Between 31 and 35, a woman is like Spain, very hot, relaxed and convinced of her own beauty.

Between 36 and 40, a woman is like Greece , gently aging but still a warm and desirable place to visit.

Between 41 and 50, a woman is like Great Britain, with a glorious and all conquering past.

Between 51 and 60, a woman is like Israel , has been through war, doesn't make the same mistakes twice, takes care of business.

Between 61 and 70, a woman is like Canada , self-preserving, but open to meeting new people .

After 70, she becomes Tibet ..Wildly beautiful, with a mysterious past and the wisdom of the ages...With an adventurous spirit and a thirst for spiritual knowledge.

The Geography of a Man

Between 1 and 80, a man is like Iraq & Iran, ruled by nuts.

Gentle Thoughts for Today

Birds of a feather flock together and then crap on your car.

A penny saved is a government oversight.

The real art of conversation is not only to say the right thing at the right time, but also to leave unsaid the wrong thing at the tempting moment.

The older you get, the tougher it is to lose weight, because by then your body and your fat have gotten to be really good friends.

The easiest way to find something lost around the house is to buy a replacement.

He who hesitates is probably right.

Did you ever notice: The Roman Numerals for forty (40) are XL.'
If you think there is good in everybody, you haven't met everybody.

If you can smile when things go wrong, you have someone in mind to blame.

The sole purpose of a child's middle name is so he can tell when he's really in trouble.

Did you ever notice: When you put the 2 words 'The' and 'IRS' together it spells 'Theirs....'

Aging: Eventually you will reach a point when you stop lying about your age and start bragging about it.

The older we get, the fewer things seem worth waiting in line for.

Some people try to turn back their odometers. Not me, I want people to know 'why' I look this way. I've traveled a long way and some of the roads weren't paved.

When you are dissatisfied and would like to go back to your youth, think of Algebra.

You know you are getting old when everything either dries up or leaks.

One of the many things no one tells you about aging is that it is such a nice change from being young. Ah, being young is beautiful, but being old is comfortable.

Career(s)	As stated above, I spent 43 years in the National Symphony, but also I taught privately and had many great students over the years. Retirement Activities	Before my father passed away, he told me to get everything done that I wanted to before I retire, because after I retire, I won't have time to do anything. It's true. I do three hard workouts at the gym every week and keep too busy the rest of time with hobbies and volunteer work. In addition, I have been doing lots of singing, both in various choral groups and the National Presbyterian church choir.
Special Events	I feel that I am the luckiest person that I know, having had a very fulfilling career and making money doing what a lot of people do for fun. My best memories include playing at the White House and shaking hands with Presidents, playing 1812 overture in Red Square on a freezing September day, and concerts in all of the great concert halls of the world. Others too numerous to mention. I've had a great time, and still am!!

In 1956 going to the Apple Blossom in Winchester with Jone Lou, Betty Rowan & Barbara Grogan. Miss Boyle's class: Having her pick me to write a speech for the, "I Speak for Democracy" contest. I was scared to refuse as Bert did. In the long run it was a good experience. Woodland Way: The "know it all books", and my "puppy love", Bobby Miller. Most of all, the forming of friendships that have lasted through the years. The fun and laughter,(especially the laughter).
