A few weeks ago we enjoyed a wonderful trip back to Maryland to see family, friends and eat crab cakes. It was another great visit to Hagerstown and we had dinner at Shula's with Ralph, Kirklyn, Susan and Sandra. Crab cakes were delicious. On the way to Annapolis to see Dave's side of the family, we made another visit to his dad's gravesite in Arlington National Cemetery. We had more delicious crab cakes awaited on Bay Head, while watching the waves on the choppy Chesapeake. We can't forget the fabulous food at Cantlers either. From there we headed down the Eastern Shore to areas we'd never explored before, including Ocean City. Unfortunately, Joaquin, the tropical storm, chased us down to the Bay bridges/tunnels making a very "interesting" drive. We got home just before the remnants of the storm hit the western North Carolina Mountains. Maryland is a beautiful state and we hope to return as often as possible.

The Knodes (Dick & Janie) and the Klines (Ralph & Kirklyn) made their annual visit to the Strocks (Terry & Cindy) in Blacksburg on Sunday, Monday and Tuesday, October 4, 5 & 6.

On Sunday evening, the group were joined by Leo & Judy Burke (Leo – HHS Class of 1952), for dinner at the most famous restaurant in the Blacksburg area, Mountain View Italian Restaurant.

On Monday, the group visited Mountain Lake Resort where parts of the movie Dirty Dancing was filmed. The 2600 acres of outdoor activities sits 3875 ft. above sea level. The area offers hiking, biking, archery, tennis, disc golf, cross country skiing, zip line, outdoor pool as well as the outstanding Harvest Restaurant and Stony Creek Tavern.

Mountain Lake is unique in that every 100 or so years the lake drains in order to cleanse itself. At this time, the lake is beginning the process of refilling to its normal water level.

After the sighting tour, we returned to the Strock's B &B to feast on Maryland crab cakes provided by the Knodes.

On Tuesday, Dick & Terry were joined by Roland Wheeler, a friend of both, for an excellent round of golf at Blacksburg CC. Ralph drove the girls on a shopping tour of the outstanding dress shops in the Blacksburg area.

A great time of fun, food and fellowship was had by the North/South High graduates and their wives.

Thanksgiving plans are shaping up. I am still in a wheelchair as the result of the reconstruction of my right foot in surgery at Union Memorial Hospital's Foot and Ankle Center. I'm healing well and may be back on my two feet by Christmas. Because I'm wheelchair bound, John and I had invited the family to come and enjoy a meal at our four star Clubhouse Restaurant on our campus at Willow Valley Communities. My two grandchildren wouldn't hear of it. They wanted a home cooked meal.

Lindsey, an architect in Baltimore; James, a dental student at U. of MD in Baltimore; and my daughters from Kansas City and Baltimore, Laura and Beth will organize the meal and take charge of setting up. I'm looking forward to the treat of having them here buzzing around in my kitchen while I watch!

😊 Happy Thanksgiving!!

Thank you to all my friends and prayer warriors for lifting me up in the past months. I had a stroke July 31<sup>st</sup> and now am back to 80% of where I was. It's a miracle and I am grateful. My family is already making plans to visit Maryland in May. I appreciate the newsletter and love hearing about all of the Class of 1957.

We traveled to Parris Island, SC for the 100<sup>th</sup> Anniversary Celebration of Parris Island becoming a Marine Corps Recruit Training Center. We enjoyed the pomp and ceremony of both the anniversary activities as well as the graduation of new Marines. Six platoons of men and two platoons of women Marines graduated in front of a standing room only crowd of approximately 10 thousand family members, current and former Marines. We also attended the ribbon cutting ceremony and toured the new exhibits at the Parris Island Museum. Plenty of brass were in attendance, including the new Commandant of the Marine Corps.

Arlise was a trooper, 0400 reveille and a lot of military “stuff” to fill her day all because her hubby (along with a zillion other Marines) can never let go.

We visited with Arlise’s nursing classmate in Wilmington, NC on the way north and had a great visit, lunches, dinners and her husband Pete took me golfing with 14 of his golfing buddies. All I can say is my cost per stoke was great.

## Great Advice

As we grow older, and hence wiser, we slowly realize that wearing a \$300 or \$30 watch, they both tell the same time.

Whether we carry a \$300 or \$30 wallet/handbag, the amount of money inside is still the same.

Whether the house we live in is 300 or 3000 sq. ft., the loneliness is the same.

Hopefully, one day you will realize, your true inner happiness does not come from the material things of this world.

Whether you fly first class or economy, if the plane goes down, you go down with it.

Therefore, I hope you realize, when you have family, old friends, brothers and sisters, whom you chat with, laugh with, talk with, sing with, talk about north-south-east-west or heaven and earth. That is true happiness!

### Five Undeniable Facts of Life:

1. Don't educate your children to be rich. Educate them to be happy.  
So when they grow up they will know the value of things not the price.
2. "Eat your food as your medicines.  
Otherwise you have to eat medicines as your food."
3. The one who loves you will never leave you because even if there are 100 reasons to give up they will find one reason to hold on.
4. There is a big difference between a human being and being human.  
Not many really understand it.
5. You are loved when you are born.  
You will be loved when you die.  
In between, you have to manage!

If you just want to Walk Fast, Walk Alone!  
But if you want to Walk Far, Walk Together!

### Six Best Doctors in the World:

1. Sunlight
2. Rest
3. Exercise
4. Diet
5. Self Confidence
6. Friends

Maintain them in all stages of life and enjoy a healthy life.
