She was 1 of 21 boys and girls her age competing and stayed on the sheep the longest at 8 seconds. **"YOU GO GIRL!"**

Bob & Arlise Weaver Cianelli

Our daughter Angie, President and CEO of Beyond Blindness, accepting the award as a result of a survey of company cultures by the Orange County Register. The survey was completed by the employees of the companies. First, way to go Angie for the great work being done for children in need and for creating an environment where the employees enjoy coming to work! Not an easy accomplishment in today's business world and where you need to show up for work every day, no "work from home."
